*Schools compared: French Valley Elementary School, Susan LaVorgna Elementary School, Temecula Preparatory School, Harvest Hill STEAM Academy

As demonstrated in the tables above, Temecula Valley Charter School has met the charter renewal criteria in Education Code Section 47607(b)(4) by being “at least equal to the academic performance of the public schools that the Charter School pupils would otherwise have been required to attend, as well as the academic performance of the schools in the school district in which the Charter School is located, taking into account the composition of the pupil population that is served at the Charter School.” Additionally, per AB1505 and other related charter regulations, TVCS has been designated as a “High Performing” charter school for the previous three academic years, thus meeting the criteria for a 5 to 7 year renewal cycle.

ELEMENT I - Educational Program of the Charter School

The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A to G” admissions criteria may be considered to meet college entrance requirements. Ed. Code section 47605(c)(5)(A)

Introduction:

Since its inception in 1994, Temecula Valley Charter School has always served the needs of its children first and will be accountable for meeting the academic needs of all students. The highest standards for academic rigor will be instituted and maintained by students, parents, and teachers working together over time in an atmosphere of mutual respect, where every member cares about quality and standards-based, evidence-based education.

This charter is a promise to our children to encourage them, to contribute to and expand their educational opportunities and options. The Charter School will support individuality in learning in a nurturing framework, which teaches responsibility, creativity, and self-initiative. It will be a school for students who can make the most of the available opportunities and resources provided to develop their own sense of responsibility and identity.

The Charter School will be a place of shared decision-making requiring teacher and parent participation on committees, school activities and including parent partnerships with the community members in school site governance. Parents and community members will be involved with the teachers and/or administrator in enriching the curriculum programs.

TVCS will be staffed by uniquely qualified teachers, paraprofessionals, and volunteers who are dedicated and committed to developing and providing instructional practices that will address children’s academic, social, emotional, and physical needs. A safe learning environment for all at the Charter School will be ensured by parents, teachers, and students working together.

The Charter School will involve the students in community service projects, and provide (in addition to core subjects) instruction in Leadership, Science, Technology, Engineering, Visual and Performing Arts and Mathematics as well as the opportunity to study World Languages. It will promote the growth of children's character, knowledge, and understanding of themselves and their relationship to the world. TVCS will provide a framework for building positive social skills. This charter school will be a place where all can discover, experience, and celebrate their own worth as both individuals and as a part of the greater TVCS community.

Vision Statement:

Mission Statement:

Temecula Valley Charter School empowers students to become confident, capable leaders and compassionate, innovative citizens through a culture of academic excellence, creativity, and character. We cultivate a supportive, student-centered environment where learners discover their passions, develop critical thinking skills, and grow as lifelong learners. Through rigorous, standards-based instruction and enriching opportunities in the arts, sciences, athletics, and music, we prepare students to lead, serve, and thrive in high school, college, career, and an ever-changing world.

Whom the School is Attempting to Educate

TVCS will invite and honor diversity. The school aims to educate students whose families have a strong desire to work in conjunction with the school to achieve optimum academic results and self-reliant, capable children.

The school is targeted towards students of transitional kindergarten through eighth grade to provide them a comprehensive, cohesive learning experience with close articulation between all grades and among all classes. TVCS plans to serve approximately 900 students (ADA) at full capacity as described in the attached budget and enrollment projections. TVCS understands that enrollment growth above 900 ADA that substantially impacts staffing, facilities, budget, and/or the overall size and scope of the TVCS educational program would require approval of a material revision to this charter by the District Board and TVCS Board of Directors.

Educational Values

Developmental Education

Through the developmental approach at TVCS, students are educated in a child-centered environment where teachers address and assess the needs of the whole child (academic, physical, social, and emotional). Each child's unique growth and progress are used to determine what he or she is ready to accomplish.

Multi-Age Approach

Students of various ages, interests, and abilities are purposefully integrated into an assortment of learning activities. They work and learn together in collaborative relationships.

Parent Involvement

TVCS recognizes that enlisting parental support widens the success opportunities for each child. Parent involvement in the educational process will be welcomed, encouraged, and promoted. Parents are encouraged to belong to one of a number of school committees that will be essential to the well-being of the school. Parental expertise will be utilized. Training sessions and opportunities for parental involvement will be provided. Parents (following legal and district guidelines) are welcome on campus as defined in the Parent /Student Handbook. TVCS values, and therefore includes, family members in special events and activities both during and after school hours. TVCS is proud to share that in an average year approximately 70-80% of our parents go through the Volunteer Training and Certification process.

Enriched Curriculum

TVCS' curriculum is based on California State Standards¹. It is enriched to meet each student's needs, and is enhanced to nurture high standards of student performance. We utilize multiple teaching practices including, but not limited to: Universal Design for Learning, thematic teaching, hands-on activities, learning centers, one-on-one instruction, multi-age activities, integrated technology, simulations, laboratory learning, project-based learning, problem-based learning, and inquiry-based learning.

Instruction in World Languages

Our curriculum provides opportunities to study World Languages. All students receive instruction in Spanish beginning in TK and have the opportunity to participate in enrichment classes in World Languages. Historically, opportunities have been offered in Italian, Mandarin, Japanese, and ASL.

Teamwork

Staff, parents, and students work together in an atmosphere of mutual respect and trust. Character development and conflict resolution skills are implemented at all age levels. Positive

¹ The Charter School recognizes that full implementation of the Common Core State Standards must be accomplished by the 2014-15 school year. The Charter School will adhere to the Common Core State Standards and the required implementation timeline. All references in the charter to adherence with the California State Content Standards will become adherence to the Common Core State Standards, in alignment with directives from the California Department of Education regarding implementation.

Behavior Interventions and Supports provides a framework for students to learn and acquire positive social skills and abilities.

Small Class Size

Every effort will be made to keep individual class sizes as low as possible. Currently, certificated teaching staff to student ratios are approximately 17:1.

An Educated Person in the 21st Century

Technological change is accelerating and its impact on society, especially the accessing and processing of information, is increasing. We have evolved from a performance-based society, where the adult practiced what was learned in school, to a learning society which demands that children develop a flexible set of abstract learning and coping tools and skills. It becomes important to learn how to learn in a changing world.

People will need critical thinking skills to search for solutions to a wide variety of problems. They will need to be willing to expose themselves to success and failure by taking risks. They will need practical ability to define problems, determine steps to find solutions, and then implement these solutions. They will need to be effective communicators with strengths in speaking, writing, reading, and listening, with the ability to collaborate effectively. Educated people will be capable and will perceive themselves as capable, with realistic perceptions of their individual strengths.

Educated people in the 21st century will be their own persons, individuals persistent in their efforts, and careful in their observations. They will be reflective and expressive, capable of questioning, doubting, asking, and wondering. They will have the necessary skills to connect with, and meaningfully contribute to, their community and society.

To live, learn, and work successfully in an increasingly complex and information-rich society, students must be able to use technology effectively. Within an effective educational setting, technology can enable students to become:

- Capable information technology users
- Information seekers, analyzers, and evaluators
- Problem solvers and decision makers
- Creative and effective users of productivity tools
- Communicators, collaborators, publishers, and producers
- Informed, responsible, and contributing citizens

TVCS believes that all students can be successful in the information-rich society that is emerging. Students will be provided a solid grounding in the fundamental skills and application of literacy, mathematics, science, social sciences, and the arts, with an understanding of the major disciplines and areas of knowledge. The challenge facing TVCS is the empowerment of all children to function effectively in their future, a future marked increasingly with change,

information growth, and evolving technologies. Technology is a powerful tool with enormous potential for paving high-speed highways from outdated educational systems to systems capable of providing learning opportunities for all, to better serve the needs of 21st century work, communications, learning, and life. Currently, all classrooms have interactive smartboards, document cameras, computers and middle school students all have 1:1 laptops.

How Learning Best Occurs

Children are motivated by an innate, exploratory yearning which is manifested in their inquisitive natures. Children learn best when they can treat learning experientially in a supportive, positive environment which permits interaction, exploration, and experimentation, with time and encouragement to reflect upon themselves and their experiences. Children can realize that each activity has its own intrinsic rewards.

Learning proceeds by building on the existing interests, skills, and motivations of the learner until understanding and mastery of concepts is achieved. Learning should be developmentally appropriate and task-appropriate to the individual learner and paced to accommodate the learner's rate of mastery. These tasks will be based on teacher/administrator assessments and focus on the development of the whole child.

The learning environment will be supported by teachers, parents, and students in an atmosphere of support and mutual respect. Regular goal setting, shared decision-making, and self-assessment by all three participating groups will ensure that learning is relevant, on-going, and maximized.

For optimal learning, education needs to be child-centered, and instruction needs to be delivered efficiently and effectively. Teachers, along with paraprofessionals, parents, business and community volunteers all have a vital place in the classroom and have unique skills and contributions to make. A positive, frequent interaction among these key players is of the utmost importance with each member stressing and modeling learning as a lifelong process.

Plan for Serving Students Achieving Below Grade Level

The Student Support Team is a program at TVCS that is developed for all students who require additional support to achieve success. The Student Support Team is in place to support all students to become productive citizens, critical thinkers, and motivated, competent and lifelong learners through a developmentally appropriate education and understanding of human nature. The Student Study Team utilizes a Multi-Tiered System of Supports to appropriately and systematically address student needs. Tiered interventions are offered through differentiated instruction and leveled groups in the classroom, pull-out interventions throughout the school day, use of instructional coaches to assist teachers in addressing student learning needs and after school and summer tutoring opportunities for students who are achieving below grade level.

Possible student participants include but are not limited to:

-
- New TVCS students (from private, public or home schools)
 - EL Learners
 - Students who have failed a class
 - Students with behavior concerns
 - Students with social or personal concerns
 - Students with Health issues
 - Students consistently scoring “Standard Not Met” in state assessments or local assessments such as the STAR.

Student Behavioral At-Risk Identifiers may include but are not limited to:

- Students who may lack organizational skills
- Students who may be engaging in inappropriate behavior
- Academic misplacement causing the student to struggle
- Students who are failing a class due to missing or incomplete work

Student Support Team is based on *Multi-Tiered System of Supports* This approach to At-Risk or Students Performing Below Grade Level is based on a least restrictive environment while using interventions that are evidence-based and generally performed in the general education environment. MTSS is a comprehensive framework that addresses academic as well as the social, emotional, and behavioral development of students from TK through 8th grade. MTSS continuously focuses on sustainable overall school improvement. MTSS requires a focus on collaboration between general education, special education, and administration to address student needs effectively. MTSS provides a system to address student needs. The MTSS approach is used as a system to identify students before a referral for special education services takes place. TVCS Middle School adopted a schedule which allows for both electives and academic support classes for students identified as struggling to meet state standards in 6th-8th grades.

Plan for Serving Students Achieving Above Grade Level

Temecula Valley Charter School inspires the growth of children’s character, knowledge, and understanding of themselves and their relationship to the world. A child centered education is meant for any student and works well with the gifted or high achieving student.

TVCS recognizes that giftedness is multi-faceted and may be manifested academically, musically, in athletics, or the visual arts (to name a few). Therefore, TVCS’ structure which provides instruction in all of these areas is designed to assist students in developing their talents across multiple domains. TVCS teachers make adjustments to their lessons by employing an extensive repertoire of research-based instructional strategies to help reach each student and their educational potential. Modifications for moderately to highly gifted students have to do primarily with pace in the earlier years and depth in the later years. TVCS has the ability to provide individualized instructional groups or ability groupings. Gifted or talented (GATE) students achieving above grade level are addressed in the general education environment with direction from the TVCS Student Support Teams. Additionally, TVCS has historically offered after-school enrichment courses for high-achieving students and for students who demonstrate giftedness in

academics, athletics or the performing arts through seminar courses, performance opportunities and mentorship.

Plan for Serving English Learners

The Charter School will meet all applicable legal requirements for English Learners (“EL”) as it pertains to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, re-classification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement. The Charter School will assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

Home Language Survey

The Home Language Survey (“HLS”) shall be administered upon a student’s enrollment into the Charter School (on enrollment forms).

ELPAC Testing

All students who indicate that their home language is other than English will be assessed with the English Language Proficiency Assessments for California (ELPAC) tested within thirty days of initial enrollment² and at least annually thereafter between Feb 1 and May 31 until re-designated as fluent English proficient. TVCS Title III board policy and procedures is updated annually.

The Charter School will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements for annual English proficiency testing.

Reclassification Procedures

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the pupil’s classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil’s curriculum mastery.
- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents’ opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

² The thirty-day requirement applies to students who are entering a California public school for the first time or for students who have not yet been ELPAC tested. All other students who have indicated a home language other than English will continue with annual ELPAC testing based upon the date last tested at the prior school of enrollment.

-
- Comparison of the pupil’s performance in basic skills against an empirically established range of performance and basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

English Learners and Core Instruction

Instruction techniques, assessments, materials and approaches will be focused on communicative competence and academic achievement covering listening, speaking, reading, and writing skills. In addition, the instructional program for the Charter School is designed to promote language acquisition and proficiency, oral language development, and enriched learning opportunities for all students. TVCS ELA curriculum was specifically chosen due to its ability to target English Language Learners.

Monitoring and Evaluation of Program Effectiveness

The evaluation for the program effectiveness for ELs in the Charter School will include:

- Adhere to Charter School-adopted academic benchmarks by language proficiency level and years in program to determine adequate yearly progress.
- Monitoring of teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring of student identification and placement.
- Monitoring of parental program choice options.
- Monitoring of availability of adequate resources.

Plan for Serving Students With Disabilities

Overview

The Charter School will adhere to all laws affecting individuals with exceptional needs, including all provisions of the Individuals with Disabilities in Education Improvement Act (“IDEIA”), its amendments, Section 504 (“Section 504”) of the Rehabilitation Act and the Americans with Disabilities Act (“ADA”). All students will be given equal access to the Charter School, regardless of disabilities, and the Charter School will not discriminate against any student based on his or her disabilities. The Charter School shall not require the modification of an individualized educational program (“IEP”) or 504 plan as a condition of acceptance at the Charter School.

The Charter School is an independent LEA and participates as a local educational agency in the El Dorado Charter Special Education Local Plan Area (“SELPA”) approved by the State Board of Education and thus shall be deemed an LEA for the purposes of compliance with federal law (IDEIA; 20 U.S.C. Section 1400 *et seq.*) and for eligibility for federal and state special education funds pursuant to Education Code Section 47614(a). The Charter School is a member in good standing as an LEA in this SELPA as required by Education Code Section 47614(a).. As such, as an independent LEA member of a SELPA, the Charter School shall follow the plan for “Services for Students under the IDEIA,” as outlined below.

Section 504/ADA and Eligibility

The Charter School shall be solely responsible for its compliance with Section 504 and the ADA. All facilities of the Charter School shall be accessible for all students with disabilities in accordance with the ADA. Further, the Charter School has adopted and implemented a policy, which outlines the requirements for identifying and serving students with a 504 accommodation plan. The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. Any student, who has an objectively identified disability, which substantially limits a major life activity such as learning, may be eligible for accommodation or related services by the Charter School in accordance with Section 504. The Charter School shall provide students with a free and appropriate public education.

A disabled student protected by Section 504 is one who: (a) has a physical or mental impairment that substantially limits one or more major life activities, including learning, (b) has a record of such an impairment, or (c) is regarded as having such an impairment. (34 CFR 104.3) Major life activities are functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working. Examples of students with such impairments include, but are not limited to:

- Students with a normal ability to learn but who have mobility impairment.
- Students with a normal ability to learn academically, but who require occupational or physical therapy in order to function physically.
- Students with emotional disabilities manifested by behavior problems which result in exclusion from classes or school.

Indications of a possible disability that significantly interferes with learning include, but are not limited to:

- Medical conditions such as diabetes, allergies, severe asthma or heart disease.
- Temporary medical condition due to illness or accident.
- Poor or failing grades over a lengthy period of time.
- Behavior issues that interfere with a student’s learning.
- Attention issues that interfere with a student’s learning.

Referral and Identification

- Any student may be referred by a parent/guardian, teacher, other certificated school employee or community agency for consideration of eligibility as a disabled student under Section 504. This referral should be made to the school principal.
- The Student Support Team (SST) shall promptly consider the referral and determine whether an evaluation under this procedure is appropriate. This determination shall be based on a review of the student's school records (including academic, social and behavioral records) and the student's needs. Students requiring evaluation shall be referred to appropriate evaluation specialists.
- If a request for evaluation is denied, the school site committee shall inform the parents/guardians of this decision and of their procedural rights as described below.

Section 504 Plan

- When a student is identified as disabled within the meaning of Section 504, the Section 504 team shall determine what services are necessary to ensure that the student's individual education needs are met as adequately as the needs of non-disabled students.
- In making this determination, the Section 504 team shall consider all significant factors relating to the learning process for the student, including his/her adaptive behavior and cultural and language background. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the parent/guardian.
- The parents/guardians shall be invited to participate in the Section 504 meeting where services for the student will be determined and shall be given an opportunity to examine all relevant records.
- The Section 504 team shall develop a written plan describing the disability and specifying the services needed by the student. A copy of this plan shall be kept in the student's cumulative file. The student's teacher and any other staff who provide services to the student shall be informed of the services necessary for the student, to the extent that they need to be informed in order to provide for the student in the school setting.
- If the Section 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect the identification of the student as a disabled person under Section 504 and shall state the basis for the decision that no special services are presently needed.
- The disabled student shall be placed in the regular educational environment unless the school demonstrates that a more restrictive placement is required in order to meet the student's need. The disabled student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. The Charter School will provide parents/guardians an opportunity to participate in decisions regarding significant changes in placement.

-
- The parents/guardians shall be notified in writing of the final decision concerning services to be provided, if any, and of the Section 504 procedural safeguards, including the right to an impartial hearing to challenge the decision.
 - The school shall complete the identification, evaluation, and placement process within a reasonable time frame.
 - The student’s plan shall include a schedule for periodic review of the student’s needs and indicate that this review may occur sooner at the request of the parent/guardian or school staff.
 - Pursuant to Ed. Code section 270, parents/guardians and schools have the right to audio record Section 504 meetings.

The Charter School shall have the responsibility to identify, refer, and work cooperatively in locating Charter School students who have or may have exceptional needs that qualify them to receive special education services. The Charter School will adopt and implement policies and procedures to align with SELPA policies and procedures to ensure timely identification and referral of students who have, or may have, such exceptional needs. A pupil shall be referred by the Charter School for special education only after the resources of the regular education program have been considered, and where appropriate, utilized.

The Charter School will follow child-find procedures to identify all students who may require assessment to consider special education eligibility and special education and related services in the case that general education interventions do not provide a free appropriate public education to the student in question.

Assessments

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEIA, as provided in Section 1414, Title 20 of the United States Code. The Charter School will determine what assessments, if any, are necessary and arrange for such assessments for referred or eligible students in accordance with applicable law. The Charter School shall work to obtain parent/guardian consent to assess Charter School students when it suspects the student may have a qualifying disability under the IDEIA, and the Charter School may utilize due process procedures to address a student if the parent/guardian does not provide consent.

IEP Meetings and Implementation

The IEP team will discuss and consider the full continuum of placement options.

Interim and Initial Placements of New Charter School Students

For students who enroll during the school year in the Charter School from another school district outside of the SELPA with a current IEP, the Charter School shall conduct an IEP meeting within thirty days. In the event that the Charter School determines that legal representation is needed, it shall select appropriate legal counsel.

Exiting a Student from Special Education

Prior to exiting a student from special education, the Charter School will conduct a reevaluation in all areas of suspected disability and convene an IEP meeting to review the assessment and any other relevant data to determine whether the student is no longer a child with a disability. If the IEP team determines the student is no longer qualifies for special education, it shall provide parents with a prior written notice in accordance with Section 300.503 of the Title 34 of the Code of Federal Regulations.

Parent Revocation of Consent to Special Education and Related Services

The Charter School will ensure that it receives a written revocation of consent from an eligible Charter School student’s parent or guardian if, at any time subsequent to the initial provision of special education and related services to the student, the parent or guardian of that student informs the Charter School that they wish to withdraw that student from special education. Such revocation of consent for the continued provision of special education and related services must be in writing. Should a parent or guardian revoke consent to special education and related services in writing, the Charter School understands that the Charter School may not continue to provide special education and related services to the child after providing prior written notice to the parent in accordance with Section 300.503 of the Title 34 of the Code of Federal Regulations. The Charter School agrees to forward any such written revocation of consent to the District within 24 hours of receipt.

SELPA Representation

The Charter School shall represent itself at all SELPA meetings.

LCFF Compliance

Charter School Goals and Actions to Achieve the Eight State Priorities
Local Control and Accountability Plan (LCAP)

In accordance with Education Code Section 47606.5, TVCS shall comply with all elements of the LCAP pursuant to regulations and a template adopted by the California State Board of Education and reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter. TVCS shall submit the LCAP to the District and the County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33. The school will comply with all requirements pursuant to California Education Code and 47605(b)(5)(B) including the development of school wide goals for all subgroups as applicable to the eight state priority areas identified in Education Code 52060(d).

Please see the section “Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities” in Element 2 of the charter for a description of TVCS’s annual goals to be achieved in the Eight State Priorities school-wide and for all pupil subgroups, as described in Education

Code Section 52060(d), and specific annual actions to achieve those goals, in accordance with Education Code Section 47605(c)(5)(A)(ii).

Start Times

The school day for middle school will begin no earlier than 8:00 a.m.

Mental Health Education

Pursuant to Senate Bill 224 [2021], if the Charter School offers one or more courses in health education to pupils in middle school or high school, those courses must include instruction in mental health that meets the requirements of Senate Bill 224, including, among other things, reasonably designed instruction on the overarching themes and core principles of mental health, instruction and related materials that are appropriate for use with pupils of all races, genders, sexual orientations, and ethnic and cultural backgrounds, pupils with disabilities, and English learners. TVCS mental health therapist provides push-in SEL lessons to middle school classrooms and collaborates with middle school leadership to provide mental health related lunch-time activities.

Independent Study

While the Charter School does not offer an independent study program, it may place students on short term independent study to accommodate temporary disabilities or other student related needs. In all such cases, the Charter School shall operate its independent study programming in compliance with Ed. Code sections 51744 through 51749.6 and any other laws or regulations governing independent study programs.

Instructional Materials and Curriculum

Pursuant to the requirements of Ed. Code section 242 and 243, the Charter School governing board shall not refuse to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction or any book or other resource in a school library on the basis that it includes a study of the role and contributions of any individual or group consistent with the requirements of Ed. Code sections 51204.5 and 60040, unless the study of the role and contributions violates Section 51501 or 60044.

Any action taken by the governing board that violates this requirement constitutes unlawful discrimination pursuant to Section 220.

A complaint regarding such an alleged violation may be filed with the charter school under its Uniform Complaint Procedures or may be filed with the State Superintendent directly.

Climate Change

Commencing with the 2024-2025 school year, the charter school shall include in its science area of study in grades 1 through 12 an emphasis on the causes and effects of climate change and methods to mitigate and adapt to climate change.

Mendez v. Westminster

The charter school includes Mendez v. Westminster, the precursor civil rights case to Brown v. Board of Education, as a part of its social science curriculum.

Native American History

The charter school shall include the treatment of and perspectives from Native Americans during the Spanish colonization period and the Gold Rush Era in appropriate courses during grades 1-6 and 7-12.

ELEMENT II – Measurable Pupil Outcomes

The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Ed. Code section 47605(c)(5)(B)

Pupil Outcomes

State standards guide the choice of curriculum and direct the instructional priorities of the school. TVCS shall actively pursue student proficiency in all subject areas as its minimum pupil outcomes.

Students will be held responsible for producing quality work with a high level of personal responsibility and integrity. Students at TVCS will be entrepreneurial self-starters, who are creative, independent thinkers, systemic problem solvers, who work across disciplines to identify root causes, self-actualizing learners, who are self-governing, self-motivating and self-aware, critical thinkers and researchers, who discern underlying patterns, and global stewards, who collaborate across cultures and who add value to their local communities.

Assessment of physical and academic development will reassure the school and parents alike that personal growth, maturity, discipline, focus, character and integrity are developing normally.

School Wide Outcomes

TVCS will pursue a school wide outcome to be similar to or exceed the performance of surrounding schools and the authorizing district.

Charter School Annual Goals and Actions

TVCS has clearly defined school-wide outcome goals in compliance with California Education code sections 47605(c)(5)(B) and 52060(d).

TVCS will pursue the following school-wide and subgroup outcome goals, as measured by multiple and varied benchmark assessments that are aligned to state and federal standards (including the new Common Core) and reflect proficiency measures required by the [selected assessment(s)], as well as applicable state priorities detailed in California Education Code § 52060(d) that apply for the grade levels served, or the nature of the program operated, by the charter school. For purposes of measuring achievement of these goals, a numerically significant

pupil subgroup will be defined as (A) Ethnic subgroups; (B) Socioeconomically disadvantaged pupils; (C) English learners and, separately, long-term English learners, defined as a pupil who has not attained English language proficiency within seven years of initial classification as an English learner; (D) Pupils with disabilities; (E) Foster youth; and (F) Homeless youth.

A numerically significant pupil subgroup is one that consists of at least 30 pupils; however, for a subgroup of pupils who are foster youth, homeless youth, or long-term English learners, a numerically significant pupil subgroup is one that consists of at least 15 pupils.” Cal. Education Code § 47607(c)(4); Cal. Education Code §52052.

The following chart delineates the TVCS school-wide and subgroup outcome goals and performance targets aligned to the state’s priorities that apply for the grade levels served, or the nature of the program operated by the charter school, methods for measuring progress, and the individual(s) with primary responsibility for each, all aligned with the state’s priorities defined in Cal. Ed. Code Section 52060(d). As the State and District finalize new standardized assessment tools (e.g., assessments) and new school performance measures, and finalize the format for the new Local Control Accountability Plans as applicable to charter schools, TVCS will work with the District to ensure that it creates and updates its plans and goals accordingly. The LCAP shall not be deemed part of the charter, and therefore, annual amendments to the LCAP shall not be considered a “material revision to the charter” as defined in section 47607.

Charter School Annual Goals and Actions to Achieve State Priorities

The TVCS Annual Goals and Actions to achieve the State priorities are included in Appendix F.

ELEMENT III: Methods of Learning Assessment

The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Ed. Code section 47605(c)(5)(C)

Assessment is necessary to evaluate student progress towards mastery. It provides necessary feedback rather than a means for comparing learners, and should include self-evaluation by students, in addition to an evaluation by staff and parents. As students practice self-assessment they become skilled in monitoring and measuring their achievement and take pride in their own accomplishments. Students, together with parents and educators, will understand the learning objectives, criteria, and assessment procedures to meet learning goals. Student assessment will promote continuous improvement of the instructional process.

Authentic assessment involves a wide range of measures of students' knowledge, capacity, and growth. Performance-based assessment is vital for children to exhibit their skills and learning. Assessments used by TVCS include, but are not limited to, the following:

- Standardized test assessments: TVCS will assess students with standardized tests required by the state, will meet statewide performance standards, and will conduct pupil assessments applicable to students in non-charter public schools as required pursuant to Education Code Sections 60605 and 60851.
- Official reports, such as progress reports and report cards, will document students' learning progress.
- Students may also demonstrate skills mastery based on portfolio assessments, performances and other work products pertinent to the skills being assessed. Students will submit work showing a variety of assignments. Scoring rubrics will specify the requirements of task mastery, measuring students' knowledge, their adherence/compliance, and the ability to apply their learning.
- Collaborative/cooperative group performance opportunities will allow students to be responsible for monitoring and evaluating their progress, for setting priorities, goals, creating options, and taking responsibility for pursuing their goals. Working cooperatively in teams, students will reflect on their conflict resolution and mediation strategies, practicing decision-making processes to become effective participants in a democratic society.
- Anecdotal records will highlight particular qualities and strengths that students exhibit during school activities.
- Student journals will show how students reflect on their own performance, becoming empowered to recognize and be responsible for their own learning. Students involved in directing their own learning, including planning and carrying out tasks, become self-directed achievers.

-
- Student demonstrations will include video and audio recordings that showcase oral reading, acting, presentations, and athletics.
 - Parent interviews will support on-going student performance evaluation and will occur through regular parent-teacher conferences, telephone communication, integrated communication via electronic mail, and informal feedback during parents' presence on campus.

ELEMENT IV – Governance Structure

The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement. Ed. Code section 47605(c)(5)(D)

Nonprofit Public Benefit Corporation

While the Charter School intends to collaborate with the District, the Charter School operates as a separate legal entity, independent of the District. The Charter School is operated as a duly constituted California nonprofit public benefit corporation, and is governed in accordance with applicable California Corporations Code Sections and its adopted bylaws, which shall be consistent with the terms of this charter. As provided for in the California Corporations Code, the Charter School is governed by its Board of Directors (or “Board”), whose members have a legal and fiduciary responsibility for the well-being of the Charter School.

Pursuant to Education Code Section 47604(c), the District in performing its oversight of the Charter School as required by Education Code Section 47604.32, shall not be liable for the debts and obligations of the Charter School or for claims arising from the performance of acts, errors, omissions by the Charter School.

The Charter School’s Articles of Incorporation, Bylaws, and Conflict of Interest Code are included in the Appendices.

Board of Directors

The Charter School is governed by a Board of Directors, composed of parents and community members, which according to its bylaws is composed of a minimum of three (3) and a maximum of five (5) directors. In accordance with applicable provisions of the Corporations Code, all directors shall be voting. The directors are directly responsible for operation of the Charter School and shall promptly respond to any reasonable inquiries by the TVUSD Board of Trustees. The Board of Directors is a working Board, intimately involved in the ongoing operations of the Charter School and able to contribute professional expertise essential to a high level of academic performance. The Superintendent reports directly to the Board of Directors.

Parents will hold a minimum of two board positions and community members will hold a minimum of two board positions. One position will be at-large (either a community member or a parent). Board members are appointed to the board by a majority vote of the current Board. Additionally, in accordance with Education Code section 47604(b) each charter authorizer has the right to appoint a representative to the Board. Directors serve staggered two (2) or three (3) year terms of service as specific in the bylaws.

The Board may initiate and carry on any program or activity or may otherwise act in a manner which is not in conflict with or inconsistent with or preempted by any law, and which are not in conflict with the purposes for which schools are established.

The Board may execute any powers delegated by law to it and shall discharge any duty imposed by law upon it and may delegate to an employee of the Charter School any of those duties with the exception of budget approval or revision, approval of the fiscal and performance audits, and the adoption of Board policies. The Board however, retains ultimate responsibility over the performance of those powers or duties so delegated. Such delegation will:

- Be in writing,
- Specify the entity designated;
- Describe in specific terms the authority of the Board of Directors being delegated, any conditions on the delegated authority or its exercise and the beginning and ending dates of the delegation; and
- Require an affirmative vote of a majority of Board members.

Temecula Valley Charter School Board of Directors meetings shall comply with the Brown Act.

Temecula Valley Charter School shall adopt a conflict of interest code and shall comply with the Political Reform Act, Corporations Code Conflicts of Interest rules, and any charter school specific conflict of interest regulations.

Board Compliance

The Board shall comply with its adopted set of corporate bylaws to assist in establishing administrative policies and rules of operation.

Parent Involvement in Governance

TVCS values meaningful parent participation. Parents are encouraged to participate in their child's educational program as volunteers in a variety of ways; including classroom assistance, facilitating field trips, participating on special events committees, and other avenues. TVCS has designated staff to assist parents and coordinate school efforts to involve parents. Additionally, parents are involved in school governance as a part of the governing board, school committees and the foundation board.

Pursuant to Ed. Code section 47605(n), the charter school may encourage parental involvement but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

The Superintendent

The Superintendent will assume the lead responsibility for administering Temecula Valley Charter School adopted board policies, as defined by their respective job descriptions.

The Superintendent will be a contract employee, and the individual will be approved by the Board of Directors. The Superintendent will be responsible for the administration and operations of TVCS. The Superintendent reports to the Board of Directors. A job description for the

Superintendent shall be written by the Board of Directors and amended as needed. The Superintendent shall have his or her contract reviewed annually by the Board of Directors.

The Superintendent works in conjunction with the Board of Directors, teachers, staff, students, parents, and TVCS committees to fulfill the TVCS charter. The Superintendent assists the Board of Directors to develop agendas, attend Board meetings, report on school operations, and provide input on agenda items.

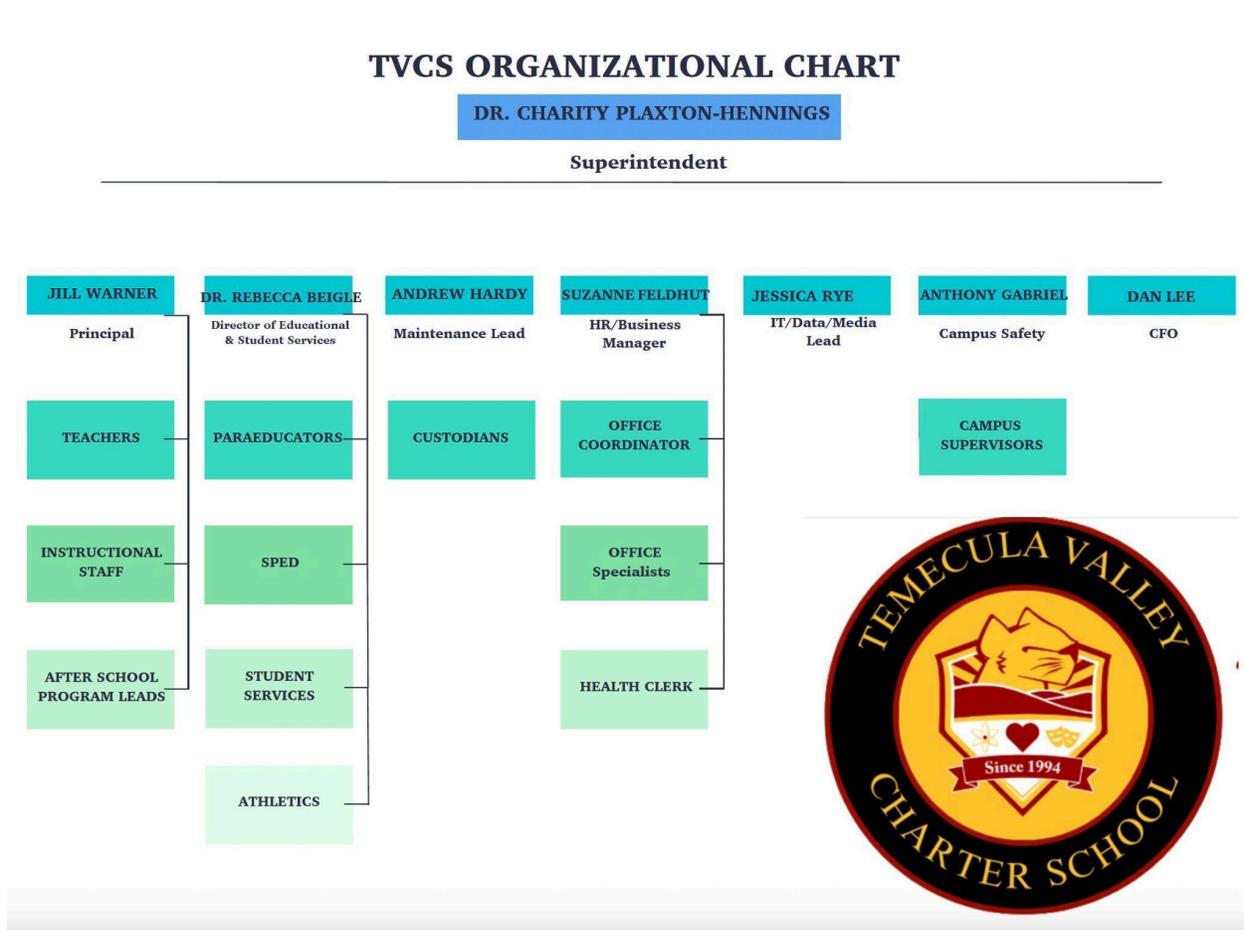

The Superintendent is assigned to perform tasks directed from the Board of Directors and is required to undertake some or all of the tasks detailed below. These tasks may include but are not limited to the following:

- Ensure the charter school enacts its mission;
- Communicate and report to Board of Directors;

TVCS enrollment capacity, both schoolwide and by grade level shall be determined by the Board of Directors. If a public random drawing is deemed necessary, pursuant to Education Code Section 47605(e)(2)(C), the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and in no event shall take any action to impede the charter school from expanding enrollment to meet pupil demand. In the

event the school receives more applications than availability, the Charter School will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students who are guaranteed enrollment in the following school year.

In the case that there are more applicants than spaces, admission shall be determined based on a public random drawing (“lottery”).

In no event may admission be provided to students who apply after the close of the open enrollment period ahead of students who applied during open enrollment and were either granted admission or placed on the waitlist in the drawing, without regard to whether the later applicant would have qualified for an admission preference had they applied during the open enrollment period.

Enrollment packets are accepted during a publicly advertised open period beginning late fall and going through early spring (typically March), for enrollment in the following school year. Students and their parent(s)/guardian(s) must complete an enrollment packet available from TVCS’s website through the online web-based lottery software. However, the Charter School shall not request a pupil’s records or require a parent, guardian, or pupil to submit the pupil’s records to the charter school before enrollment.

The lottery shall be run between late February and the end of April each year and the number of available spots shall be determined by having current students complete “Intent to Return” documents prior to offering of enrollment slots. This process shall also consider growth benchmarks up to the enrollment maximum specified by the charter.

In the event that Temecula Valley Charter School receives more enrollment applications than it has capacity at any grade level, the TVCS will hold an electronic random drawing (“lottery”). If a lottery is necessary, the following protocol will be utilized:

- a. The TVCS Board will make all necessary efforts to ensure lottery procedures are fairly executed.
- b. All lotteries shall take place on the same day in a single location.
- c. Lotteries will be conducted in ascending order beginning with the
- d. lowest applicable grade level.
- e. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify

for the first preference category and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided below.

- f. After all spaces are filled, students' names will continue to be drawn in the preference category order until all applicants' names have been drawn, and names will be placed on a waitlist in the order drawn.
- g. Students' who apply for admission after the close of the open enrollment period can be added to the end of the waitlist (after all students who applied during the open enrollment period and participated in the lottery) in the order in which they apply. This waitlist will allow students the option of enrollment in the case of an opening.
- h. Following the lottery, each family of a child who received a space will be notified by email.
- i. Families who did not receive a space will also receive an email indicating that they have been placed on the wait list placement.
- j. Families must accept or decline enrollment within 2 business days of notification otherwise enrollment will be forfeited and the next child on the wait list will be notified.
- k. Students on the Wait List who do not receive admission will not be automatically re-entered into next year's lottery; they must apply again for admission. Under no circumstance will the wait list carry over to the next year.

The date of the lottery will be widely announced throughout the school community, the community at large, and via websites and social media channels. Families are also notified of the date of the lottery as a part of their enrollment paperwork.

Lottery Preferences

Current TVCS students are exempt from the lottery and shall be entitled to enrollment for the following school year. Lottery preferences shall be extended in the following order:

- Siblings of current students.
- Pupils who reside in the Temecula Valley Unified School District's elementary school attendance area where the Charter School is physically located.

Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless

pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment..

Pursuant to Ed. Code section 47605(e)(2)(C)(iv) and in accordance with Ed. Code section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

Pursuant to Ed. Code section Ed. Code section 47605(e)(2)(B)(iii), no preferences described herein shall result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

After the random selection process, a waiting list for future openings will be established in the same manner.

Notice to Families on Waitlist

At the completion of the lottery, all families will be notified of their admission or their place on the waitlist.

When a vacancy in any grade level occurs, TVCS will call the first family on the waitlist for that grade level to notify them of the vacancy. Families promoted from the waitlist shall be notified by phone. As time permits, the Charter School will call all numbers listed on the application in order to make every attempt to contact the family. Families called shall have two business days from the date of first notification to respond. Those families not responding within the two days period will forfeit their right to enroll their student in TVCS, and the next student on the waitlist shall be contacted to fill the open position. Families who forfeit their right to accept enrollment when offered, but who are still interested in enrolling at TVCS at another time, must reapply.

Any person wanting to enroll after the open enrollment period will be placed at the end of the waiting list. Under no circumstances shall a waiting list carry over to the following school year.

ELEMENT IX: Annual Independent Fiscal Audit and Financial Reporting

The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority. Ed. Code section 47605(c)(5)(I)

The Charter School will facilitate an annual independent audit of the school's financial affairs as required by Education Code sections 47605(c)(5)(I) and 47605(m). The books and records of the Charter School will be kept in accordance with generally accepted accounting principles, and as required by applicable law, and the audit will employ generally accepted accounting procedures. The audit shall be conducted in accordance with applicable provisions within the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide.

The Superintendent will select an independent auditor through a request for proposal format.

The auditor will have, at a minimum, a CPA and educational institution audit experience and will be approved by the State Controller on its published list as an educational audit provider. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in applicable Office of Management and Budget Circulars.

The audit will verify the accuracy of the Charter School's financial statements, attendance, and enrollment accounting practices, and review the Charter School's internal controls. The Audit will be conducted in accordance with generally accepted accounting principles applicable to the Charter School. It is anticipated that the annual audit will be completed four months after the close of the fiscal year and that a copy of the auditor's findings will be forwarded to the District, the County Superintendent of Schools, the State Controller and to the CDE by December 15th of each year. The Charter School's Superintendent will review any audit exceptions or deficiencies and report to the Charter School's Board with recommendations on how to resolve them. The Charter School's Board will submit a report to the District describing how the exceptions and deficiencies have been or will be resolved to the satisfaction of the District along with an anticipated timeline for the same. Any disputes regarding the resolution of audit exceptions and deficiencies will be referred to the dispute resolution process contained in this charter. Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel ("EAAP") in accordance with applicable law.

The independent financial audit of the Charter School is public record to be provided to the public upon request.

ELEMENT X: Suspension and Expulsion Procedures

The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian, or, if the pupil is a homeless child or youth, or a foster child or youth, in the native language of the homeless or foster child's educational rights holder. In the case of a foster child or youth, the written notice shall also be provided to the foster child's attorney and county social worker. If the pupil is an Indian child, as defined in Section 224.1 of the Welfare and Institutions Code, the written notice shall also be provided to the Indian child's tribal social worker and, if applicable, county social worker. The written notice shall inform the pupil, the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, and county social worker, or the Indian child's tribal social worker and, if applicable, county social worker of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent or guardian, the homeless child's educational rights holder, the foster child's educational rights holder, attorney, or county social worker, or the Indian child's tribal social worker or, if applicable, county social worker initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(iv) A foster child's educational rights holder, attorney, and county social worker and an Indian child's tribal social worker and, if applicable, county social worker shall have the same rights a parent or guardian of a child has to receive a suspension notice, expulsion notice, manifestation

determination notice, involuntary transfer notice, and other documents and related information.
Ed. Code section 47605(c)(5)(J)

Willful Defiance

No pupil enrolled in a charter school in kindergarten or any of grades TK to 12 shall be suspended on the basis of having disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties, and those acts shall not constitute grounds for a pupil enrolled in a charter school in kindergarten or any of grades 1 to 12, inclusive, to be recommended for expulsion.

A certificated or noncertificated employee may refer a pupil to charter school administrators for appropriate and timely in-school interventions or supports from the list specified in Ed. Code section 48900.5(b) for any such acts.

The charter school administrator shall, within five business days, document the actions taken pursuant to that referral and place that documentation in the pupil's record to be available for access, to the extent permissible under state and federal law, pursuant to Ed. Code section 49069.7.

The charter school administrator shall, by the end of the fifth business day, also inform the referring certificated or noncertificated employee, verbally or in writing, what actions were taken and, if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

Homework

The Charter School shall, upon the request of a parent or pupil, provide homework that would otherwise have been assigned, to a pupil who has been suspended for two or more schooldays. If a homework assignment that is requested and turned into a teacher, within the prescribed timeframe, is not graded before the end of the academic term, the Charter School shall not include the assignment in the calculation of the student's overall grade in the class.

Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon

the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Seclusion and Behavioral Restraint

The Charter School prohibits seclusion and behavioral restraint of students as a means of discipline and only uses such methods to control student behavior that poses a clear and present danger of serious physical harm to a student or others that cannot be immediately prevented by a less restrictive response. Pursuant to Ed. Code section 49006, if the Charter School meets the specified federal definition, it will collect and, by no later than 3 months after the end of each school year, report to the State Department of Education regarding the use of behavioral restraints and seclusion for pupils enrolled in, or served by, the Charter School for all or part of the prior school year. The Charter School shall post its report on its internet website.

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at the Charter School. Compliance with the procedures set forth in this section of this Charter shall be the only processes for TVCS to involuntarily dismiss, remove or otherwise exclude a student who attends TVCS from further attendance at TVCS for any reason, including but not limited to, disciplinary causes. The Charter School shall comply with the provisions of *Education Code* section 48900 *et seq.* for any student disciplinary matter involving suspension or expulsion, as summarized below.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School's policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations. Corporal punishment shall not be used as a

disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. The notice shall state that this Policy and Procedures are available on request at the Superintendent's office.

The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

Corporal punishment shall not be used as a disciplinary measure against any student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

2. Shall Recommend for Expulsion Offenses

The administration shall recommend the expulsion of a pupil for any of the following acts committed at school or at a school activity off school grounds, unless the administration

C. Suspension Procedure

The following suspension procedures shall be followed:

1. Suspensions for violations of the offenses listed in the “Discretionary Suspension and Recommendation for Expulsion Offenses” stated herein shall be for no more than five consecutive days.

2. For suspensions of fewer than 10 days, the charter school shall provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

3. For suspensions of 10 days or more and all other expulsions for disciplinary reasons, the charter school shall do both of the following:

³ As used in this section, “knife” means any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing, a weapon with a blade fitted primarily for stabbing, a weapon with a blade longer than 3 1/2 inches, a folding knife with a blade that locks into place, or a razor with an unguarded blade.

⁴ As used in this section, the term “explosive” means “destructive device” as described in Section 921 of Title 18 of the United States Code.

a) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

b) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

4. The notice shall contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (2) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (2), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (1) and (2).

5. The total number of days for which a pupil may be suspended from school shall not exceed twenty (20) schooldays.

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by an informal conference conducted by the Superintendent or Designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Superintendent or Designee.

The conference may be omitted if the Superintendent or Designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to

present his or her version and evidence in his or her defense. This conference shall be held within (2) two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or Designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of Expulsion by the Superintendent or Designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Superintendent or Designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

D. Expulsion Procedures

Students will be recommended for expulsion after the Superintendent or Designee conducts an investigation process by gathering written statements, meeting with witnesses, and conducting a pre-expulsion conference with the student and family. A recommendation for expulsion by the Superintendent or Designee will be based on one or both of the following findings:

1. Other means of conduct support and correction are not feasible and have repeatedly failed to bring about an improvement in conduct.

-
2. Due to the nature of the violation, the presence of the student causes a continuing danger to the health and/or safety of the student, other students in the schools, and/or faculty.

Upon this determination, the student will be suspended, pending the results of an expulsion hearing. The Superintendent or Designee's recommendation to expel the student will satisfy all the procedural requirements stated herein.

E. Expulsion Hearing – Rules and Regulations

The family of a student who has been expelled will be notified of the student's right to request a hearing to determine whether the expulsion recommendation was justified and whether the expulsion will be upheld. The hearing will be held, if requested, within 30 days from the original expulsion decision. The hearing will be presided over by an administrative panel (three to five impartial individuals) appointed by the Superintendent. A document will be prepared by the Superintendent or Designee that includes a full description of the reasons for the expulsion, including dates, previous conferences and actions taken, and events.

The Charter School's governing board shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

1. The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 school days after the date the principal determines that the pupil has committed any of the acts enumerated herein, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the principal. The administrative panel shall make its decision to expel within 3 school days after the hearing's conclusion, unless the pupil requests in writing that the decision be postponed.
2. If compliance by the administrative panel with the time requirements for the conducting of an expulsion hearing and a decision to expel is impracticable during the regular school year, the principal or the principal's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the administrative panel with the time requirements for the conducting of an expulsion hearing is impractical due to a summer recess of more than two weeks, the days during the recess period shall not be counted as school days in meeting the time requirements. The days not counted as school days in meeting the time requirements for an expulsion hearing because of a summer recess shall not exceed 20 schooldays, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is

conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

- 2.1. Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include all of the following:
 - 2.2. The date and place of the hearing.
 - 2.3. A statement of the specific facts and charges upon which the proposed expulsion is based.
 - 2.4. A copy of the disciplinary rules of the school that relate to the alleged violation.
 - 2.5. A notice of the parent, guardian, or pupil's obligations pursuant to Ed. Code section 48915.1(b).
 - 2.6. Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. This section does not require a pupil or the pupil's parent or guardian to be represented by legal counsel or by a nonattorney adviser at the hearing.

For purposes of this section, "legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

For purposes of this section, "nonattorney adviser" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil's parent or guardian to provide assistance at the hearing.

3. The administrative panel shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the administrative panel may

meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

- 3.1. If the administrative panel admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.
- 3.2. If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Ed. Code section 48900 or to commit a sexual battery as defined in subdivision (n) of Ed. Code section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
4. If the administrative panel decides not to expel, the expulsion proceedings shall be terminated, and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made. The decision not to recommend expulsion shall be final.
5. If the administrative panel determines to expel, findings of fact in support of the recommendation shall be prepared. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing.
6. The decision of the administrative panel to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The administrative panel may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.
7. A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.
8. A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.
9. Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the administrative panel to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated herein.

-
10. In hearings that include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Ed. Code section 48900 or to commit a sexual battery as defined in subdivision (n) of Ed. Code section 48900, evidence of specific instances, of a complaining witness's prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness's prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.
 11. Before the hearing has commenced, the administrative panel may issue subpoenas at the request of either the principal or principal's designee or the pupil, for the personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the administrative panel may, upon request of either the principal or principal's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11455.20 of the Government Code.
 - 11.1. Any objection raised by the principal or principal's designee or the pupil to the issuance of subpoenas may be considered by the administrative panel in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the administrative panel in response to an objection to the issuance of subpoenas shall be final and binding.
 - 11.2. If the administrative panel determines that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for herein.
 - 11.3. Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision of the state, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.
 12. Final action to expel a pupil shall be taken only by the administrative panel in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the principal or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:
 - 12.1. Notice of the right to appeal the expulsion to the Charter School Governing Board.

-
- 12.2. Notice of the education alternative placement to be provided to the pupil during the time of expulsion, if applicable.
 - 12.3. Notice of the obligation of the parent, guardian, or pupil, upon the pupil's enrollment in a new school district, to inform that school district of the pupil's expulsion.
 13. The governing board of the Charter School shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.
 - 13.1. The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

F. Decision of the Panel

The final decision by the administrative panel will be made within 3 school days following the conclusion of the hearing, unless the pupil requests in writing that the decision be postponed.

The administrative panel will make one of two determinations:

1. Uphold the expulsion.
2. Determine the expulsion was not within the Charter School's guidelines, overturn it, and order that records and documents regarding the proceedings be destroyed and removed from student's record.

Following the final decision of the administrative panel, the administrative panel will send written Findings of Fact to the parent that contain the following information:

1. The outcome of the hearing and the decision of the administrative panel
2. The specific offenses committed by the student for any of the acts listed in the above "Reasons for Suspension and/or Expulsion" section (if expulsion is decided)
3. Notification of the family's responsibility to inform any new district in which the student seeks to enroll of the student's status with the Charter School (if expulsion is decided)
4. Reinstatement eligibility review date (if expulsion is decided)
5. A copy of the rehabilitation plan (if expulsion is decided)
6. The type of educational placement during the period of expulsion (if expulsion is decided)
7. Pupils who are expelled shall be responsible for seeking alternative education programs

G. Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County for their school district of residence. The school shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

H. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the administrative panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

I. Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Charter School Board following a meeting with the CEO or designee and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The CEO or designee shall make a recommendation to the Charter School Board following the meeting regarding his or her determination. The pupil's readmission is also contingent upon the Charter School enrollment capacity at the time the student seeks readmission.

J. Notice of Expulsion to Last Known District of Residence

The Charter School shall, in accordance with Education Code § 47605(e)(3), notify the superintendent of the school district of the pupil's last known address within 30 days of expulsion, and shall, upon request of the district, provide the district with a copy of the student's cumulative record, including a transcript of grades or report card and health information.

K. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a

-
- parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. the Charter School must also provide the victim a room separate from the hearing room for the complaining witness's use prior to and during breaks in testimony.
 3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
 4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
 5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
 6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
 7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness's presence is both desired by the witness and will be helpful to the school. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
 8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the courtroom during that testimony.
 9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
 10. Evidence of specific instances of a complaining witness's prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the

introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

11. If the pupil being expelled requests a public hearing, the complaining witness shall have the right to have his/her testimony heard in a closed session or alternative methods videotaped, etc.

L. Probation

The administrative panel, upon voting to expel a pupil, may suspend the enforcement of the expulsion order for a period of not more than one calendar year and may, as a condition of the suspension of enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall not be considered in the administrative panel's determination as to whether the pupil has satisfactorily completed the rehabilitation program. The administrative panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all pupils, including individuals with exceptional needs as defined in Cal. Ed. Code section 56026.

During the period of the suspension of the expulsion order, the pupil is deemed to be on probationary status.

The administrative panel may revoke the suspension of an expulsion order if the pupil commits any of the acts enumerated in Ed. Code section 48900 or violates any of the school's rules and regulations governing pupil conduct. When the administrative panel revokes the suspension of an expulsion order, a pupil may be expelled under the terms of the original expulsion order. Upon satisfactory completion of the rehabilitation assignment of a pupil, the administrative panel shall reinstate the pupil in the school and may also order the expungement of any or all records of the expulsion proceedings.

A decision of the administrative panel to suspend an expulsion order does not affect the time period and requirements for the filing of an appeal of the expulsion order with the Governing Board of the Charter School.

M. Expulsion Appeals

If a pupil is expelled from the Charter School, the pupil or the pupil's parent or guardian may, within 30 days following the decision of the administrative panel to expel, file an appeal to the

Governing Board of the Charter School, which shall hold a hearing thereon and render its decision.

The Governing Board shall hold the hearing within 20 school days following the filing of a formal request under this section.

The Governing Board shall hear an appeal of an expulsion order in closed session, unless the pupil requests, in writing, at least five (5) days prior to the date of the hearing, that the hearing be conducted in a public meeting. Upon the timely submission of a request for a public meeting, the Governing Board shall be required to honor the request. Whether the hearing is conducted in closed or public session, the Governing Board may meet in closed session for the purpose of deliberations. If the Governing Board admits any representative of the pupil or the school district, the board shall, at the same time, admit representatives from the opposing party. The Governing Board shall render a decision within three schooldays of the hearing unless the pupil requests a postponement.

The period within which an appeal is to be filed shall be determined from the date the student is provided notice of the decision of the administrative panel to expel, even if enforcement of the expulsion action is suspended and the pupil is placed on probation. A pupil who fails to appeal the original action of the panel within the prescribed time may not subsequently appeal a decision of the panel to revoke probation and impose the original order of expulsion.

N. Transcripts

The pupil shall submit a written request for a copy of the written transcripts and supporting documents from the administrative panel simultaneously with the filing of the notice of appeal with the Governing Board. The Charter School shall provide the pupil with the transcripts, supporting documents, and records within 10 school days following the pupil's written request. The Governing Board shall determine the appeal from a pupil expulsion upon the record of the hearing before the administrative panel, together with such applicable documentation or regulations as may be ordered. No evidence other than that contained in the record of the proceedings of the administrative panel may be heard unless a *de novo* proceeding is granted as provided herein.

It shall be the responsibility of the pupil to request a written transcription from the Charter School for review by the Charter School Governing Board. The cost of the transcript, if any, shall be borne by the pupil except in either of the following situations:

- (1) Where the pupil's parent or guardian certifies to the Charter School that he or she cannot reasonably afford the cost of the transcript because of limited income or exceptional necessary expenses, or both.

(2) In a case in which the Governing Board reverses the decision of the administrative panel, the Governing Board shall require that the Charter School reimburse the pupil for the cost of such transcription.

O. Standard of Review

The review by the Governing Board of the decision of the administrative panel shall be limited to the following questions:

- (1) Whether the administrative panel acted without or in excess of its jurisdiction.
- (2) Whether there was a fair hearing before the administrative panel.
- (3) Whether there was a prejudicial abuse of discretion in the hearing.
- (4) Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the administrative panel.

As used herein, a proceeding “without or in excess of jurisdiction” includes, but is not limited to, a situation where an expulsion hearing is not commenced within the time periods prescribed by this article, a situation where an expulsion order is not based upon the acts enumerated herein, or a situation involving acts not related to school activity or attendance.

As used herein, an “abuse of discretion” is established in any of the following situations:

- (1) If school officials have not met the procedural requirements of this article.
- (2) If the decision to expel a pupil is not supported by the findings prescribed herein as grounds for expulsion.
- (3) If the findings are not supported by the evidence.

The Governing Board may not reverse the decision of the administrative panel to expel a pupil based upon a finding of an abuse of discretion unless the Governing Board also determines that the abuse of discretion was prejudicial.

P. Decision on Appeal

The decision of the Governing Board shall be limited as follows:

-
1. If the Governing Board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board, it may do either of the following:
 - A. Remand the matter to the administrative panel for reconsideration and may in addition order the pupil reinstated pending the reconsideration.
 - B. Grant a hearing *de novo* upon reasonable notice thereof to the pupil and to the administrative panel. The hearing shall be conducted in conformance with the rules and regulations stated herein.
 2. If the Governing Board determines that the decision of the administrative panel is not supported by the findings required to be made herein, but evidence supporting the required findings exists in the record of the proceedings, the Governing Board shall remand the matter to the administrative panel for adoption of the required findings. This remand for the adoption and inclusion of the required findings shall not result in an additional hearing, except that final action to expel the pupil based on the revised findings of fact shall meet all of the following requirements:
 - A. Final action to expel a pupil shall be taken only by the administrative panel in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the administrative panel to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following: 1) Notice of the right to appeal the expulsion to the Governing Board; 2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion, if applicable; 3) Notice of the obligation of the parent, guardian, or pupil, upon the pupil's enrollment in a new school district, to inform that school district of the pupil's expulsion.
 - B. the Charter School shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.
 3. In all other cases, the Governing Board shall enter an order either affirming or reversing the decision of the administrative panel. In any case in which the Governing Board enters a decision reversing the administrative panel, the Governing Board may direct the administrative panel to expunge the record of the pupil and the records of the school of any references to the expulsion action and the expulsion shall be deemed not to have occurred.

The decision of the Governing Board shall be final and binding upon the pupil and upon the administrative panel. The pupil and the administrative panel shall be notified of the final order of

the Governing Board, in writing, either by personal service or by certified mail. The order shall become final when rendered.

The Superintendent or Designee shall send a copy of the written notice of the decision to expel to the school district of student's last known residence, within thirty (30) days.

Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

As an independent LEA member of a SELPA, the Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

1. Services During Suspension

Students with disabilities suspended and/or placed in an interim alternative setting shall continue to receive services so as to provide FAPE and enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the child's IEP/504. Any discipline that includes removal from school for more than ten (10) consecutive days, including placement in an interim alternative educational setting, constitutes a change in placement and a manifestation determination shall be conducted.

An IEP or 504 meeting is required within ten (10) days of initial suspension or placement in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment or a functional analysis assessment, and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five-day (45) time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

4. Special Circumstances

The Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent or Designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function;
or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting or change of placement shall be determined by the student's IEP/504 team. A change of placement is a removal from education for more than ten (10) consecutive days or a pattern of removal, even if for less than ten (10) days. For effective change of placement, there first need be:

- a. Notice
- b. Manifestation determination
- c. Continued receipt of special education services

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the District's disciplinary procedures may assert the procedural safeguards granted under these procedures only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

1. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to the Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services; or
2. The parent has requested an evaluation of the child; or

-
3. The child's teacher, or other the Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. the Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

ELEMENT XI: Retirement Program

The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. Ed. Code section 47605(c)(5)(K)

Certificated employees at TVCS will be covered by the State Teachers' Retirement System (STRS). Classified employees will be covered by federal social security. The Charter School shall inform all applicants for positions within the Charter School of the retirement system options for employees of the Charter School. The Superintendent shall be responsible for ensuring that appropriate arrangements for coverage have been made. TVCS will make all employer contributions as required by STRS and Federal Social Security. TVCS will also make contributions for workers' compensation insurance, unemployment insurance, and any other payroll obligations of an employer.

ELEMENT XII: Public School Attendance Alternatives

The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools. Ed. Code section 47605(c)(5)(L)

No student may be required to attend the Charter School. Attendance at the Charter School is a matter of parental choice. An education will be provided in a student's district of residence school or other public schools through an inter- or intra-district (in accordance with local policies) transfer for students who choose not to attend the Charter School. Parents and guardians of each student enrolled in the Charter School will be informed on admissions forms that the students have no right to admission in a particular school of a local education agency as a consequence of enrollment in the Charter School, except to the extent that such a right is extended by the local education agency.

ELEMENT XIII: Employee Rights

The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school. Ed. Code section 47605(c)(5)(M)

TVCS staff will have individual at-will employment contracts and/or agreements with TVCS and any employee rights shall be specifically identified within that contractual agreement. TVCS does not require any public school district employee to work for TVCS. Persons employed by TVCS are not considered employees of TVUSD for any purpose whatsoever, nor are they granted any rights, privileges, or benefits that are specified within TVUSD. Employees of TVUSD who resign from District employment to work at TVCS and who later wish to return to the District shall be treated the same as any other former District employee seeking reemployment in accordance with District policy, applicable law, and applicable bargaining agreements. The Charter School shall not have any authority to confer any rights to return on District employees.

Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to the Charter School. Employment by the Charter School provides no rights of employment at any other entity, including but not limited to any rights in the case of closure of the Charter School.

TVCS shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the District, its officers, directors, employees, attorneys, agents, representatives, volunteers, successors and assigns (collectively hereinafter “District” and “District Personnel”) from and against any and all actions, suits, claims, demands, losses, costs, penalties, obligations, errors, omissions, or liabilities, including legal costs, attorney’s fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against District and/or District Personnel, that may be asserted or claimed by any person, firm or entity arising out of, or in connection with, TVCS’s new status as the exclusive public school employer of the employees of the Charter School for the purposes of the Educational Employment Relations Act (EERA), as provided in this Charter, or any acts, errors, negligence, omissions or intentional acts by TVCS, its Board of Directors, administrators, employees, agents, representatives, volunteers, successors and assigns. This indemnity and hold harmless provision shall exclude actions brought by third persons against the District arising out of any negligent or intentional acts or errors of the District and/or District Personnel or solely out of any acts or omissions of the District and/or District Personnel that are not otherwise related to or connected with TVCS and/or its Personnel.

ELEMENT XIV: Resolution of Disputes

The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter. Ed. Code section 47605(c)(5)(N).

The Charter School recognizes that it cannot bind the District to a dispute resolution procedure to which the District does not agree. The policy below is intended as a starting point for a discussion of dispute resolution procedures. The Charter School is willing to consider changes to the process outlined below as suggested by the District. The Charter School and the District will be encouraged to attempt to resolve any disputes with the District amicably and reasonably without resorting to formal procedures.

In the event of a dispute between the Charter School and the District, Charter School staff, employees and Board members of the Charter School and the District agree to first frame the issue in written format (“dispute statement”) and to refer the issue to the District Superintendent and Superintendent of the Charter School. In the event that the District Board of Trustees believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, the Charter School requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the District to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a pre-requisite to the District’s ability to proceed with revocation in accordance with Education Code Section 47607.

The Charter School Superintendent and District Superintendent shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than 30 business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members from their respective boards who shall jointly meet with the District Superintendent and the Superintendent of the Charter School and attempt to resolve the dispute within 60 business days from receipt of the dispute statement.

If this joint meeting fails to resolve the dispute, the District Superintendent and the Superintendent of the Charter School shall meet to jointly identify a neutral third-party mediator to engage the Parties in a mediation session designed to facilitate resolution of the dispute. The format of the mediation session shall be developed jointly by the District Superintendent and the Superintendent of the Charter School with oversight of the TVCS Board of Directors. Mediation shall be held within sixty business days of receipt of the dispute statement. The costs of the mediator shall be split equally between the District and the Charter School. If mediation does not resolve the dispute either party may pursue any other remedy available under the law. All timelines and procedures in this section may be revised upon mutual written agreement of the District and the Charter School.

ELEMENT XV: Exclusive Public School Employer

The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. Ed. Code section 47605(c)(5)(O)

Temecula Valley Charter School shall be deemed the exclusive public school employer of the employees of the Charter School for the purposes of the Educational Employment Relations Act (EERA). TVCS shall comply with the EERA.

TVCS shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the District, its officers, directors, employees, attorneys, agents, representatives, volunteers, successors and assigns (collectively hereinafter “District” and “District Personnel”) from and against any and all actions, suits, claims, demands, losses, costs, penalties, obligations, errors, omissions, or liabilities, including legal costs, attorney’s fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against District and/or District Personnel, that may be asserted or claimed by any person, firm or entity arising out of, or in connection with, TVCS’s new status as the exclusive public school employer of the employees of the Charter School for the purposes of the Educational Employment Relations Act (EERA), as provided in this Charter, or any acts, errors, negligence, omissions or intentional acts by TVCS, its Board of Directors, administrators, employees, agents, representatives, volunteers, successors and assigns. This indemnity and hold harmless provision shall exclude actions brought by third persons against the District arising out of any negligent or intentional acts or errors of the District and/or District Personnel or solely out of any acts or omissions of the District and/or District Personnel that are not otherwise related to or connected with TVCS and/or its Personnel.

ELEMENT XVI: School Closing Protocol

Governing Law: A description of the procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. – California Education Code Section 47605(c)(5)(O).

Temecula Valley Charter School’s governing board shall designate an entity or individual to be responsible for conducting closure activities in the event that the school ceases operation, and the board determines that there is no successor charter school. The designated entity or individual shall be known as the "Authorized Closer." The Authorized Closer shall commence closure proceedings by notifying parents and guardians of pupils, the District, the Riverside County Office of Education, the SELPA(s) in which the school participates, the retirement systems in which the school's employees participate, and the California Department of Education.

This notice shall include at least the following information:

- (1) The effective date of the closure;
- (2) The name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure;
- (3) The pupils' school districts of residence; and
- (4) The manner in which parents (guardians) may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The school shall provide the Authorized Closer with a list of pupils in each grade level and the classes they have completed, as well as the pupils' districts of residence.

Pupil records, including all state assessment results and special education records, shall be maintained and transferred to the custody of the Authorized Closer, except for records and/or assessment results that the charter may require to be transferred to a different entity. Personnel records shall be maintained and transferred by the Authorized Closer in accordance with applicable law.

The school shall complete an independent final audit within six months of the school's closure. The audit may also serve as the annual audit. The audit must include at least the following:

- An accounting of all financial assets, including cash and accounts receivable, and an inventory of property, equipment, and other items of material value.

-
- An accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation.
 - An assessment of the disposition of any restricted funds received by or due to the school.

The Authorized Closer must provide for the completion and filing of any annual reports required by Education Code Section 47604.33. If in connection with the closure, the school's governing board determines that it will dissolve the school corporation ("Dissolution"), then (i) the Dissolution shall be conducted in accordance with the requirements of the California Nonprofit Public Benefit Corporation Law ("Law") including, without limitation, Corporations Code sections 6610 et seq. and sections 6710 et seq. and (ii) the Board may select the Authorized Closer to assist with the wind-up and dissolution of the school corporation.

Any net assets remaining after all debts and liabilities of the school corporation (i) have been paid to the extent of the school corporation's assets, or (ii) have been adequately provided for, shall be distributed in accordance with the school corporation's Articles of Incorporation.

The disposal of any net assets remaining after all liabilities of the charter school have been paid or otherwise addressed shall include but is not limited to:

- (1) The return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports.
- (2) The return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

The school shall use, but is not limited to, school reserves normally maintained for contingencies and emergencies, to fund closure proceedings.

ELEMENT XVII: OTHER REQUIRED CHARTER PROVISIONS

A. Budgets and Financial Reporting

Governing Law: The petitioner or petitioners shall also be required to provide financial statements that include a proposed first year operational budget, including startup costs, and cash flow and financial projections for the first three years of operation. – California Education Code Section 47605(h).

Attached, as Appendix D, please find a three-year budget and cash-flow.

The Superintendent, along with the Board of Directors, will work to develop a balanced annual operating budget, and will approve all expenditures. TVCS shall provide reports to the District as follows as required by Education Code Section 47604.33, and may provide additional fiscal reports as requested by the District:

1. By July 1, a preliminary budget for the current fiscal year. For a charter school in its first year of operation, financial statements submitted with the charter petition pursuant to Education Code Section 47605(g) will satisfy this requirement.
2. By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of the Charter School's annual, independent financial audit report for the preceding fiscal year shall be delivered to the District, State Controller, State Department of Education and County Superintendent of Schools.
3. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.
4. By September 15, a final unaudited report for the full prior year. The report submitted to the District shall include an annual statement of all the Charter School's receipts and expenditures for the preceding fiscal year.

B. Insurance

The Charter School shall maintain and finance general liability, workers compensation, and other necessary insurance of the types and in the amounts required for an enterprise of similar purpose and circumstance. Coverage amounts will be based on recommendations provided by the District and the Charter School's insurer. The District Board of Education shall be named as an additional insured on all policies of the Charter School.

C. Administrative Services

Governing Law: The manner in which administrative services of the school are to be provided. – California Education Code Section 47605(h).

TVCS procures administrative services from the District, including but not limited to food. The specific terms and cost for purchased services from the District is subject to an annual services agreement negotiated and approved separately from this charter. TVCS has executed a Services MOU with the District each year of operation and will continue to do so throughout the charter term to delineate the services needed by TVCS and provided by the District. TVCS reserves the right to purchase and provide administrative services either through its own staff or through an appropriately qualified third-party contractor.

Pursuant to California law, the authorizer will be required to provide oversight and performance monitoring services, including monitoring school and student performance data, reviewing the school’s audit reports, performing annual site visits, engaging in any necessary dispute resolution processes, and considering charter amendment and renewal requests.

D. Facilities

Governing Law: The facilities to be utilized by the school. The description of the facilities to be used by the charter school shall specify where the school intends to locate. – California Education Code Section 47605(h).

TVCS is currently located on District-owned property at 35755 Abelia Street, Winchester, California 92596 pursuant to a separately negotiated and approved facilities use agreement entered into between TVCS and the District under Proposition 39. TVCS intends to execute a Facilities MOU with the District no later than July 1, 2026, which term shall be through June 30, 2027 but may extended upon mutual written agreement by both parties to allow for the completion and occupancy of a new facility by the Charter School as described below.

TVCS is currently seeking a Public Use Permit to construct a new school facility at 35780 Washington Street, Winchester, California (APN 472-210-002) (the “Property”). Public Use Permit 230001 for the Property has been approved by Riverside County Planning Commission in or around July 2025. TVCS has worked diligently to design the site plan to accommodate the County’s comments and neighbor’s concerns. Permitting approvals are currently underway but no firm date is set for the issuance of remaining permits as of the date of the petition renewal.

The current schedule to begin construction is on or about January 6, 2025. That schedule may change depending on processing times at the County of Riverside, but it is a conservative estimate and any changes are anticipated to shorten that timeline.

The facilities project will be financed either with private activity bonds issued by the California Public School Authority through Ziegler Capital Markets or through a private investor lease back model with an option to purchase in year three, financed by Red Hook Capital Markets. Full documentation of both financing models will be provided to the District for review.

An architect's rendering of the new school facility is included in Appendix D.

E. Transportation

The Charter School will not provide transportation to and from school, except as required by law for students with disabilities in accordance with a student's IEP.

F. Attendance Accounting

The Charter School will implement an attendance recording and accounting system, to ensure contemporaneous record keeping, which complies with state law.

G. Reporting

The Charter School will provide reporting to the District as required by law and as requested by the District including but not limited to the following: California Basic Educational Data System (CBEDS), actual Average Daily Attendance reports, all financial reports required by Education Code Sections 47604.33 and 47605(m) and the School Accountability Report Card (SARC).

The Charter School agrees to and submits to the right of the District to make random visits and inspections in order to carry out its statutorily required oversight in accordance with Education Code Section 47604.32.

Pursuant to Education Code Section 47604.3 the Charter School shall promptly respond to all reasonable inquiries including, but not limited to, inquiries regarding its financial records from the District.

H. Potential Civil Liability Effects

Governing Law: Potential civil liability effects, if any, upon the school and upon the District. – California Education Code Section 47605(h).

The Charter School shall be operated as a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(c), an entity that grants a charter to a charter school operated as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the charter school if the authority has complied with all oversight responsibilities required by law. The Charter School shall work diligently to assist the District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District-requested protocol to ensure the District shall not be liable for the operation of the Charter School.

Further, the Charter School and the District shall enter into a memorandum of understanding, wherein the Charter School shall indemnify the District for the actions of the Charter School under this charter. TVCS intends to execute an Operations MOU no later than July 1, 2013 in order to delineate TVCS's operations agreement with the District.

The corporate bylaws of the Charter School shall provide for indemnification of the Charter School's Board, officers, agents, and employees, and the Charter School will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts will be determined by recommendation of the District and the Charter School's insurance company for schools of similar size, location, and student population. The District shall be named an additional insured on the general liability insurance of the Charter School.

The Charter School Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.
