

Parent Waiver of State-Mandated Hearing Screening

In accordance with state education and health guidelines, schools are required to administer hearing screenings to students in Transitional Kindergarten (TK), Kindergarten, 2nd, 5th, and 8th grades. Additionally, hearing screenings are included as part of the evaluation process for students undergoing an initial or triennial Individualized Education Program (IEP) assessment.

As a parent or legal guardian, you have the right to decline your child's participation in these screenings.

By signing below, I acknowledge that:

- I am the parent or legal guardian of the student listed below.
- I understand that hearing screenings are intended to identify potential hearing issues that may impact a child's academic performance and overall well-being.
- I am choosing to waive my child's participation in the state-mandated hearing screening at school for the current academic 2026-2027 year.
- This waiver also applies to any hearing screening that may be conducted as part of my child's initial or triennial IEP assessment process.
